RESPONSE TO ELECTION/RESTRICTION

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Pursuant to the requirement contained in the Office Action mailed June 2, 2008,
Applicants hereby elect Invention I, drawn to a short film generation/reproduction apparatus
comprising a database unit operable to store still picture data, and on which claims 1-26 and 28-
40 read.

In view of this election, a full examination on the merits of the present application is
respectfully requested.

In addition, it is noted that item 4 of the present Office Action summary was incorrectly
selected by the Examiner and it is also noted that item 8 of the present Office Action summary
should have been selected by the Examiner.

In view of the above, Applicants kindly request that the Examiner issue a substitute Restriction Requirement to remedy the above-mentioned errors. Specifically, the substitute Restriction Requirement should have item 8 selected rather than item 4.

Respectfully submitted,

Yasuhiro MORI et al.
